Brainstorming & Idea Prioritization Template

Template: Brainstorming & Idea Prioritization Template	**Maximum Marks: 3 Marks**
Date: 15 March 2026	**Team ID:** FV-AI-2026-X1
Project Name: FoodVerse AI	**Track:** AI/ML & Generative AI

Step 1: Brainstorm and Idea Listing

Each team member lists out as many ideas as possible without judging them at this stage.

S.No	Team Member	Idea / Suggestion	Category	Group No.
1	Abhirag Mishra	Multimodal visual plate recognition with automated macro estimation (calories, protein, carbs, fats) via vision LLM	Nutrition AI	1
2	Abhirag Mishra	Computer vision browning & surface texture roughness analysis to detect fruit/vegetable spoilage before decay	Food Safety CV	2
3	Abhirag Mishra	Automated commercial kitchen hygiene compliance auditor using CCTV frame sampling to detect PPE & surface cleanliness	Regulatory Compliance	3
4	Abhirag Mishra	Hands-free voice-activated culinary assistant for real-time cooking guidance and ingredient substitutions	Culinary AI	4
5	Abhirag Mishra	Precision metabolic BMR/TDEE meal planner with strict multi-allergen exclusion and dynamic macronutrient calibration	Clinical Dietetics	5
6	Abhirag Mishra	Edge-device barcode & packaging QR scanner for packaged grocery item expiration tracking	Hardware / Edge	6

Step 2: Idea Prioritization

Rate each grouped idea on feasibility and importance, then select the final idea(s) to move forward with.

Group No.	Final Idea	Feasibility (High/ Medium/Low)	Importance (High/ Medium/Low)	Priority	Selected (Yes/No)
1	Multimodal Vision Food & Nutrition Scanner	High	High	P1	Yes
2	CV-Based Freshness & Spoilage Inspector	High	High	P1	Yes
3	Commercial Kitchen Video Hygiene Auditor	High	High	P2	Yes
4	Hands-Free Voice Kitchen Assistant	High	Medium	P2	Yes
5	Precision Metabolic Meal Planner with Allergy Guard	High	High	P1	Yes
6	Hardware Barcode Scanner Attachment	Low	Low	P3	No (Deferred to Phase 2)
